(Ronald McCown - Wynn Stewart)

Would you want the world to end not loving me?

All the angry words we'd spoken to each other  
Make me feel our love's not what it's meant to be  
Before you go to sleep tonight think it over  
Would you want the world to end not loving me?

Could you hold me in your arms and feel so right  
If you knew we'd never see a morning light  
After all the love you've given me so free  
Would you want the world to end not loving me?

--- Instrumental ---

I get to hurt we've caused each other in the past  
And hold me like tonight would be our last  
Or if the morning should start eternity  
Would you want the world to end not loving me?

Would you want the world to end not loving me?...
