(Kent Westberry - Hal Harbour)

You are the one it's you I love in my own special way
You are the one you're in my heart and on my mind all
day
When we're apart my world seems to turn a cloudy
gray
But then you walk in and sunshine chases all the clouds
away.

There never was a doubtful moment in my mind at any
time
That you were not the one I wanted to live with forever
We've discovered happiness is right here at our
fingertips
And everything is beautiful as long as we're together.

Oh, I dream of you you're the only one I ever dream
about
And I dream of you you're the only one I just can't live
without
My life with you is just like living in heaven all the time
It's true I love you and I want the whole wide world to
know you're mine.

I dream of you you're the only one I ever dream about
And I dream of you you're the only one I just can't live
without
My life with you is just like living in heaven all the time
It's true I love you and I want the whole wide world to
know you're mine...
