(Ronald McCown)

I've been down in the valley and on the highest hill
But my heart knows I miss you and that I love you still
I've searched for happiness but all that I found
Is that your memory sure gets around.

Your memory sure gets around
My heart can't seem to lay this feeling down
And I can't break these chains that still have me bound
'Cause your memory sure gets around.

--- Instrumental ---

I've got many miles before me and many miles behind
But no matter where I run to I can't get you off my mind
And I seem to hear your voice in every little sound
'Cause your memory sure gets around.

Your memory sure gets around
My heart can't seem to lay this feeling down
And I can't break these chains that still have me bound
'Cause your memory sure gets around.

'Cause your memory sure gets around...
