There is no one for you here  
I let it go with the tide  
I shouted out at the church  
This love is not but a trial  
I heard 'em say that cold hearts  
are but the desolate one  
You're very thing's the flame to me  
I have emotions they're gone  
Where do we go from here?

Take 'em back, take 'em back to the start  
To find the seed of a broken heart  
Will you find me some answers?  
Find me some answers  
Take 'em back, take 'em back to the dark  
To find the seed of a broken heart  
Will you find me some answers?  
Find me some answers

Endlessly covered remorse  
Include these hours ashamed  
And in the spaces to fill the time are only shackles and  
chains  
So put one hand into its other  
And pray that our sins don't follow eachother  
Oh it is so far from heaven  
Where do we go from here?  
Where do we go from here?

Take 'em back, take 'em back to the start  
To find the seed of a broken heart  
Will you find me some answers?  
Find me some answers  
Take 'em back, take 'em back to the dark  
To find the seed of a broken heart  
Will you find me some answers?  
Find me some answers

[Hush, hush  
You're mine tonight  
Hush, hush  
You're mine tonight

Just once, we'll live the lie  
Stay close, you're mine 'till daylight] x3

[Hush, hush (fade away, fade away)  
You're mine tonight] x7

Take 'em back, take 'em back to the start  
To find the seed of a broken heart  
Will you find me some answers?  
Find me some answers  
Take 'em back, take 'em back to the dark  
To find the seed of a broken heart  
Will you find me some answers?  
Find me some answers
