Bush killed the Kennedys I know it
A land of sheep with enemies don't blow it
Tacos cheap for the little guy, oil shores your slice of
pie
Policies feed poverty no more trees just property yeah
In South there's a drug war to get me a little weed
Tim McVeigh in his own way saved me
Lost in love, found in war, the riot hose, the broken
shores
Justice, out on the stem, street war let us in yeah
Bush killed the Kennedys I know it
A cowboy hat justice rules this country is broke
A little texas moral slease fixed votes missiles please
Broken dreams hopes that seemed so close yeah
