He's The punk pioneer  
A teen lover with long hair  
Anti charisma dude  
"Now I wanna sniff some glue"  
At 2:40 Punk Rock died that day  
The reaper Easter bunny took my fun away  
A black leather flagpole for some punks to rally around  
Don't kick his memory gabba gabba when it's down  
He's The punk pioneer  
Know how to kick him when he's down  
Is there a punk rock heaven,  
A pogo god with a leather jacket  
Always remember that you got your friends  
And you may never get a chance to do it again  
He's got shopping cart dreams and worn out shoes  
He's only got on soul(chord) the one he's gonna use  
Hes the punk pioneer  
"A pet cemetery" is where he wants to lay  
"I wanna be sedated" he's going out this way
