

The Strap-Ons "Replace Me"

Visit "[Replace Me](#)" on MotoLyrics.com

Implants are coming, implants are coming
Wanna replace me, wanna replace me
Say I gotta change
Gonna make a better me
Dreamy days a lost fantasy
Try to replace me [4x]
*Now they say I got insane
A thousand sheets in the wind
Someone tell me what I gotta do to get by
Only cloned from good genes
Generations much more clean
History for what it seems now
Drone like workers happy now
Never worry never doubt
History for what it seems right now*
