Everytime I look away it seems the racist pigs are from
the past, they beat the blacks.
I pledge allegiance to black flag, anarchy, no racist
ways, or laws. you care at all.
Homophobic racist kids with racist parents who never
give no heart. we gotta love.
Imagine you're the human race your arms gouge eyes
cause they're not the same. we gotta change.
Free a new police state from racist profile law
Free slave labor workers all around the world.fight
unite
Everytime I look away the war on immigrants just gets
worse, your not blind.
Can we make society a place where kids with nothing
get a chance, it's not fair
The welfare that we have today is made so fathers
can't stay at home. the kids alone.
A racist soldier screwed our scene his fighting closed
most everything. racists suck
Free a new police state from racist profile law
Free a new police state, racist profile law
