Looked at your status

"In a relationship"

"In a relationship"

An earthquake hit me

(Oi)

Your status had changed

You've never worked about this

Couldn't drag my eye away

The words on the screen

Nothing set between us

But you just weren't that keen

In a relationship

Plain Helvetica

Got to walk away and let it go

Why did you leave it so late to tell me?

Wow, a revelation

(Oh, oh)

Then I get you

You get me honestly and

Wow, a situation

Oh my gosh

Why did you leave it so late to tell me

Wow, a revelation

Then I get you

And you get me on the street and

Wow, a relation

Looked at your photo of folks I didn't know

Folks I hadn't noticed seem close to you now

We'd been hangin' out a lot

I'd gathered that would have to stop

All that build up for me
All the weeks of us walking past tree after tree
All the patience and doubt, the relational maybe
May as well bow you're in a relationship now

Why did you leave it so late to tell me?

Wow, a revelation

(Oh, oh)

Then I get you and you get me honestly

And wow, a situation

Oh my gosh, why did you leave it so late to tell me?

Wow, a revelation

(Uh, oh)

Then I look at you and you look at me on the street

And wow a situation

Looked at your status

In a relationship, in a relationship

It devastated me

Then what did I spy, I punched a fucking [unverified]

Among the normally ignorable requests at the right

I'd of never of guessed a request so nice

Now if you look at my status

I'm in a relationship too, with you

Why did you leave it so late to tell me?

Wow, a revelation

(Oh, oh)

Then I look at you and you look at me honestly

And wow, a situation

I stand corrected I was pushing for the best

I guess I took one look at you

And I could fog out the rest if I've got what it takes

And it won't be wasted on fakes

I paced myself

I have faith this time

I saw something for me

I felt something right

Why did you leave it so late to tell me?

Wow, a revelation

Then I look at you and you look at me honestly
And wow, a situation

Why did you leave it so late to tell me?
Wow, a revelation

Then I look at you and you look at me honestly
And wow, a situation
