"Breathe"

We don't have to hide this away.
Just call me up, I'd know what to say.
We don't have to save it for another day.
Just tell me what you want me to say.
Now that I'm breathing again,
I inhale your heart, I inhale your scent.
Now that I'm seeing again,
I see what you mean, I see what you meant.
You are the best secret kept.
They heard the news, got up and left.
Break down the door, break down the fence.
Let's make the best of what's left.
That's why I wrote this song.

So take this world and help me roll over it.
We play this game for keeps so don't turn around.
We can say what ever we want and please whoever we please.
We'll be the rules that broke rules we'll be the bees that sting bees.

Can we get in the next game where the boys and girls play?
Are you giving it all you got cause I want you to stay.
Don't be upset dear I've got your kiss right here.(2x)

Baby don't you know that we got everything going,
And baby don't you go and turn around.
We beat the rumors and spies, and all the lies that tell lies.
You got what ever you want.
You got some beautiful eyes.
