"LOVE IS THE ANSWER"

In a world full of straight face
and deep to destruction all the time
is so hard to resist to evil seduction
and never drink the devil's wine.

Peple miss something to get their whole
to hope them see you through
how lucky are you
how lucky are you
how lucky take to you

Love that love
love that love
love sweet love is the answer

In a world that is pretty
where money means power
and many are held by a few
dont believe in the dreamer
some temple of love her
ppl dont know what to do

Ppl miss something to get their whole
(bis)
