With Glenn Medeiros

With all my heart I pledged my love forever

You've got my word

You and I will always be together

There may be times we have a disagreement

This love's too strong to ever let it come between us

I will keep this love alive

I will, because otherwise

Me minus you equals blue

Can't imagine what I'd ever do

If it ever came to

Me minus you equals blue

I can't stand the thought of us apart

Like so many hearts beating in the dark

It'll never be me minus you

Each day I learn, a little more about you

And I know for sure that I never want to be without you

We're gonna stay so true to this relation

Me without your loving is such a sad equation, baby

I will keep this love alive, baby

I will because otherwise

Me minus you equals blue
Can't imagine what I'd ever do
If it ever came to
Me minus you equals blue
I can't stand the thought of us apart
Like so many hearts beating in the dark
It'll never be
What we got can't get much better
I will never change your thing
Baby we're so good together
That I never never, ever want it to be me
Instrumental break
Me minus you equals blue
Can't imagine what I'd ever do
If it ever came to
Me minus you equals blue
I can't stand the thought of us apart
Like so many hearts beating in the dark
It'll never be me minus you
