I've got music, moonlight music  
Can you hear it? I want you to hear it  
It moves like midnight, concealed in starlight  
Can you feel it? I just want you to feel it  
The tide is turning now

A silent ocean, in wordless motion  
Let it reach you, break upon you  
Soon, love soon the change will come  
It has begun

I've got music, moonlight music  
I'll keep it for you, I'll hold it for you  
The tide is turning now

Like the sun, the change has come
