Make the great escape
And find a way to make ends meet
Enemies
Well I don't think they ever sleep

Make our way until we see the light
Another day, another chance and it will be

And what you do is who you are
You say it's truth
But still you lied right from the start

Make a change and find the reasons why
Another day, another chance and it will be

Alright

And I wonder
When we fall
Who do we need?
Who do we call?
