Use to be an easy life
In our age of dreams
Do you remember

Life in a factory wall
With feathers in our hair
Do you remember

Still dreamin?
While all the flowers fade away

Going back to '68
Peacefull generation
Steppin' back to '68
Children of the past

Things that went so wrong
But others did so well
Do you remember

Gotta get back to you again

Still dreamin?
While all the flowers fade away

Going back to '68
Peacefull generation
Steppin' back to '68
Children of the past
