The World is always
Some other day dream,
I'm not the message
That they just don't see,
I won't forget
The day you set,
The simple things
They are the best,
I'm just a kid,
An alien
Among the people,
For all the girls & boys
For all the girls & boys
For all the girls & boys
Ah
For all the girls & boys
For all the girls & boys
For all the girls & boys
Ah
Another statement
Another day dream,
Why do you always
Say what you don't mean?
I won't forget
The day you set,
The simple things
They are the best,
I'm just a kid,
An alien
Mong the people,
For all the girls & boys
For all the girls & boys
For all the girls & boys
Ah
For all the girls & boys
For all the girls & boys
For all the girls & boys
