It was so odd  
The way we came about  
The way we locked our horns  
We fell apart and glued our hearts together  
It was so fun  
The way you laughed at me  
'Cos everything I said  
It always came out wrong

And we fell asleep  
'Cus there's nothing left to do  
And I couldn't keep what's inside  
I had to show to you

I was a lostboy that was found  
Drowning underwater  
Smothered by the pressure  
I was a lost toy now I'm found  
You patched me back together  
Sewing up the leather on my arms  
On my arms

It was you and only me  
It was so hard. To see you shivering  
To see you frosting up  
So we locked our arms and shared the warmth together  
It was so dark  
But you just shrugged it off  
You turned to me and said thank god we're going  
home

And we fell asleep  
'Cus there's nowhere else to go  
And I could not keep what's inside  
I had to let you know

I was a lostboy that was found  
Drowning underwater  
Smothered by the pressure  
I was a lost toy now I'm found  
You patched me back together  
Sewing up the leather on my arms

On my arms

It was you and only me

Could you

Suffer

Waiting

Longer

Lonely

For me

We could make our way though the mire

I was a lostboy that was found

Drowning underwater

Smothered by the pressure

I was a lost toy now I'm found

You patched me back together

Sewing up the leather on my arms

On my arms

It was you and only me.
