With every single step you take,  
The longer you will have to wait.  
The sigh in a silent room is a big mistake.

And now I forget my name,  
I left it back in yesterday.  
I'll never see, never know what's coming round my way..  
What's coming round my way?

The thieves and the rebels,  
They know it all, they know it:  
Where you go I follow!  
Take me away to another place..

Each day comes, it passes.  
And I walk by with my head held high;  
Where you go I follow!  
Take me away to another place, UGH!

And now I forget my name,  
I left it back in yesterday.  
I'll never see, never know what's coming round my way..  
What's coming round my way?

The thieves and the rebels,  
They know it all, they know it:  
Where you go I follow!  
Take me away to another place...

Each day comes, it passes.  
And I walk by with my head held high;  
Where you go I follow!  
Take me away to another place...

And now I forget my name,  
I left it back in yesterday.  
And when you breathe that loudest sigh.  
In a silent room, It's a big mistake!

The thieves and the rebels,

They know it all, they know it:  
Where you go I follow!  
Take me away to another place..

Each day comes, it passes.  
And I walk by with my head held high;  
Where you go I follow!  
Take me away to another place..

Just take me away...!
