Hey Midnight Swinger, how's the world's greatest lover tonight?

Emancipated women's own special delight.

So how can the world's last living Cassanova be alone?

They don't appreciate the fine kind of lovin' you make.

On a scale of 7 you would get a 8.

But you're home by your lonesome most every night.

You watch Johnny Carson till you turn out the light.

He's pretty funny and it looks like you are

too...Irresistable You!!

Hey Midnight Swinger, who's got the heart that you're breaking tonight?

A center-fold playmate or a movie star type?

So how can the world's new Marcello Mastroianni be so blue?

My, what a long, long wait!

Your geisha girl seems to be late.

Who's gonna fan 'ya? Who's gonna peel your grape?

Well, it loks like another bored evening at home.

No loving tonight just instant breakfast alone

If loser's had contests there's no doubt how you'd

do...Undefeatable you!
