Chaos  
Mayhem  
Truth is  
Fading  
Words lose their  
Value  
Each one an  
Emblem  
Where is the meaning?

Memoirs and tokens  
Elusive and worthless  
Thoughts are like phantoms  
Where is the meaning?  
How do we know we know?

We Can  
Reason  
Words Are  
Immortal

Just give me an answer  
Not mystical nonsense  
I'm tired of connotations  
Just give me an answer

There is a time and a place for that  
We can;  
We can;  
Fix this broken man,  
We can.
