Esteban: Welcome to the Tipton

Maddie: Where everything is sweet

Patrick: Try joining us for dinner, may we offer you a seat

Carrie: Next time stay at the tipton

The tipton puts you on top

When you stay at the tipton

The good times, they never stop

Because you're the star

When you travel far

The food is always gourmet

At the tipton

It's your place to stay

Zack and Cody: We're living large at the tipton

The tipton's our place to play

Room service, movies, and ice cream

Maddie: in Paris, New York, or Bombay

Staff: Hang your hat by our welcome mat

We want you to have it your way

At the tipton (X3)

Your place to stay

Zack and Cody: and bring the family

Staff: the tipton is the place to stay

Mr. Moseby: Check in!

Staff: hey!
