You do your share and I'll do my part  
We'll try to quiet the noise we hear in our hearts  
When it comes to love we learned together how  
And I owe it all to you girl, I'm being so sincere right  
now  
And we don't need faith and we don't need hope  
When you are low, I'll be your rope  
Hand in hand we'll move ahead  
Quiet your lips, nothing more needs to be said

Yeah, sometimes I get down when we're apart  
You help me quiet my heart  
Yeah, sometimes I get down when we're apart  
You help me quiet the noise I hear in my heart

When we were little, you waited for me after class  
Just two little kids in love who would have known that it  
would last  
But we grew up together and built our life  
And when it comes to the next step, we'll know when it  
arrives  
Because with you, I never feel rushed  
I can't think of a better life to live while I'm growing up  
And we'll take each step once at a time  
Because forever and always girl I am yours and you  
are mine  
You are mine, you are mine, you are mine

Yeah, sometimes I get down when we're apart  
You help me quiet my heart  
Yeah, sometimes I get down when we're apart  
You help me quiet the noise I hear in my heart

I hope this song says what I can't; I know I tend to rant  
But I'll try my best to make you understand  
That when I'm down, you give me life  
In dark you are my light  
I need you and you need me and that's how it will  
always be

Yeah, sometimes I get down when we're apart  
You help me quiet my heart

Yeah, sometimes I get down when we're apart  
You help me quiet the noise I hear in my heart  
The noise I hear in my heart  
The noise I hear in my heart
