"Dust Will Settle"

It's flying round again
It hasn't found the ground
And it's clouding up my head
When will you settle down?
And I am standing in this drought
I'm not sure what it's about
But know time will make it rain
And the dust will settle

I toss and turn at night
And I can feel it creeping in
The air's now clear, the stars aren't bright
Where did I go missing?
But what is lost can be found
What goes up must come down
So I'll just wait another day

Oooh... and the dust will settle
Hold on tight and we will find a way to fight this
weather
Oooh... and the dust will settle
You can scream or you can shout
Or if you keep it all inside
It may seem there's no way out
When you have no place to hide
But clouds will come and clouds will go
And clouds will keep you on your toes
So let's keep dancing till it breaks
Oooh... and the dust will settle

That old black dog is sneaking up again
And lately he's become my only friend
But I'll be patient and I'll understand
That he'll be made to heel
And everything will work out in the end

And the dust will settle
And we'll fight this weather
And the dust will settle
And we'll fight this weather
We'll fight it together

And it will all be better
When the dust has settled
