We've been waitin all week
For Saturday night
And the day is finally here
Got the swags in the back
And the BBQ packed
The \$5 suits and beer we're right to go
Lets say we hit the open road

Now, there's 5 of us goin in convoy
The utes are runnin fine
But out on the horizion
You can see the lightnin' brighten up the sky
Yeah us and that old storm have now arived

We got a 2 kay wait before the gate will finally open
Pay our 90 bucks get our cup
Tyres will be smokin'

CHORUS

We'll all be cuttin up gravel,
Cuttin up dirt,
Ready for the party,
Gonna lose contol and have a ball tonight,
We'll be covered in rum and havin our fun in the boots
and black ties,
Goin wild,
We're cuttin up b & s style

Now it's pourin' down and no one's sure if it's bundy or
the rain,
But it won't last we're drinkin' fast it all just tastes the
same after a while,
Looks like we've been swimmin' in the Nile

Now Johnno's stripped and runnin round like a drunken
headless chook,
And Linda now has lost her bra and Righty's havin a
look for his new tie,
Top to toe covered in food die,

Now all us smurfs find our turf or somebody elses
And at 9o'clock it's a burnout comp still drunk but it's all

worth it

CHORUS

We'll all be cuttin up gravel,
Cuttin up dirt,
Ready for the party,
Gonna lose control and have a ball tonight,
We'll be covered in rum and havin our fun in the boots
and black ties,
Goin wild,
We're cuttin up b & s style

We're circle workin', bonnett surfen', tail gaitin', pig
chasin', rum skullin', piss cuttin', ute stackin', whip
crackin',
Have a hoot, lose ya boot, hit the floor, get a score,
grab a cup, bundy up, B&S Warrior.

CHORUS

Cuttin up gravel,
Cuttin up dirt,
Ready for the party,
Gonna lose control and have a ball tonight,
We'll be covered in rum and havin our fun in the boots
and black ties,
Goin wild, goin' wild
We're cuttin up b & s style

(Cuttin' up in style)

(Cuttin' up tonight)

We're circle workin', bonnett surfen', tail gaitin', pig
chasin', rum skullin', piss cuttin', ute stackin', whip
crackin',
Have a hoot, lose ya boot, hit the floor, get a score,
grab a cup, bundy up, B&S Warrior.
