He's movin' all his stock, to that bare paddock  
The fire's comin' through and it's comin' fast  
With 1600 sheep and 200 cattle  
When it comes to givin up he'd be the last

And the old brigade came by with the bad news  
The big burn's on it's way and we need your help  
So he kissed his wife goodbye and said I love you  
And he left his stock to fend for themselves  
It's just how it goes

### CHORUS

And he's stil circlin'  
'Round and 'round upon this dusty land  
And he'll keep the mob together while he's workin'  
Always keen to lend a helpin' hand  
And he's still circlin

A windshift turned the fire past his homestead  
And he was faced with putin' down his injured stock  
Across the smokey flat all lame and breathless  
His collie circled round the frightened mob  
He's doin' his job

### CHORUS

And he's stil circlin'  
'Round and 'round upon this dusty land  
And he'll keep the mob together while he's workin'  
Always keen to lend a helpin' hand  
And he's still circlin

Through drought and flood and fire  
Through hardship and good time  
I'll raise my glass to every man and dog  
If you look you'll always find

### CHORUS

They're stil circlin'  
'Round and 'round upon this dusty land  
And they'll keep the mob together while they're workin'  
Always keen to lend a helpin' hand  
And they're still circlin

Still circlin'
