"Still"

(Still) though you broke my heart
(Still) though were far apart
(I love you still)

(Still) after all this time
(Still) you're still on my mind
(I love you still)

I've lost count of the hours
And I've lost track of the days
In fact, I've lost just about
Everything since you went away

Everything, that is except
The memories you left me
And that's one thing
That no one can mar

I don't know who you're with
I don't even know where you've gone
My only hope is that some day
You might hear this song and
You'll know that I wrote it
Especially for you and I love you
Wherever you are

(Still) after all this time
(Still) you're still on my mind
(I love you still)

This flame in my heart
Is like an eternal fire
For every day it burns hotter
And every day it burns higher

And I haven't been able
To put out one little flicker
Not even with all of these tears

My friends think I'm crazy
And maybe I am
But I'll carry this torch

Just as long as I can

For, someday, you might just
Decide to come home and
I want you to know
I'm still here

(Still) though you broke my heart
(Still) though were far apart
(I love you still)
