AS IT WAS aka EASY AS IT WAS/AS WAS IT

Twist
You're holy opposition twist
The twisted parts and pieces, this
I guess you'd better think it God
You knew that, easy as it was.

Come on
Give me somethin special, somethin I need
Drain vagina circle
Lay low
Never prove your power
Say so
So I can hear your words

Peel the skin away from my eyes
And look in
See all the things that you put away
But you rolled inside.

Listen to me
'cause I can hardly
Exist
Without your little
Pussy
Give me holy water
I know that you will let me know
Aah, Ah-oh-aah, Ah-oh-Aah, Ah-oh... Aah.
