I'm sin done in water  
You might be over hill

He's somebody's daughter  
As far as Liz well knows

Sin me a black one  
Bubbled in a big sun  
Open with a cast ray  
A mystery mind

He sits her with father  
We seem so in a two

Open up a C.A.T. scan  
White leather free land  
Wishy little be scar  
Half-made mind

Elvis had a daughter  
Not half-boned siksura

Heavy Betty big bone  
Little Kitty fig bomb  
I'm no feet less  
Keep me one

Eat more with your collar  
Call egg mig mig me in May

Time is a big one  
Only have to free us all  
Misery to hope laid  
Have them with the bong hit

Exit measured one seev  
And I'm break and kicking gray  
I'm rigging with the clothes bend  
I hang my bong
