Like a hog dance, like a pig dare  
Mind warp deceptor wan

Wait a minute I caught defouled and I felt it groan  
She meant to hold the bar down and she cleaned my

And I look so peaceful and I look so under well  
I ain't got no mouthful, I ain't got no tail

Like a sinner all tossed on the wind  
Well like a hotel, like a piston  
Like a well old man a wan

Rock sides supports them would you wail  
Like a tosser timely man  
Like a hard descend, like a cyst stone
