Would you stop talking,
Because I don't think we agree,
You're always keeping all your borders up,
I'm thinking something must be wrong with me,
Well i know you don't like it,
You're no exclusive company,
You're always keeping all your borders up,
And it's a little more than you and me.

Well somebodies had a harder time,
But your always on the attack,
Have they been giving you the run-around,
And now you're trying to get your own back?
Well i know you don't like it,
You're no exclusive company,
You're always keeping all your borders up,
And it's a little more than you and me,
I'm not guilty.

Oh well I better say something,
To stop us creeping round these avenues,
You're always keeping all your borders up,
I bet you're getting a little confused,
I don't think so.
Well it's time to turn this thing around, Well there's no
reason for this thing you found,
We're always keeping all our borders up,
I think it's time we tore them all down.

You've got to fight for a reason, what's your reason?
You never cared,
You've got to fight for a reason, what's your reason?
You never cared...
