I'm on top but you're trying to stop me now,
I'm on top but you're trying to stop me now....

I'm on top but you're trying to stop.

Well just don't think I'm coming down,
And what's the reason for your frown,
You can't stand to see that smile on my face,
Well I need to put you in your place,
'Coz I got my name on it.

I'm on top but you're trying to stop me now,
I'm on top but you're trying to stop me now,
I'm on top but you're trying to stop me now,
And I bet you'd wish I'd disappear,
I bet you just don't understand where the hell I came
from,
I just made you listen to me here,
You better learn to slow down now, you move in, you
move out.

Well just don't think I'm coming down,
And what's the reason for your frown,
You can't stand to see that smile on my face,
Well I need to put you in your place,
Well I got my name on it.

I'm on top but you're trying to stop me now,
I'm on top but you're trying to stop me now....

I just don't think I'm coming down,
And what's the reason for your frown,
You can't stand to see that smile on my face,
Well I need to put you in your place,
Well just don't think I'm coming down,
And what's the reason for your frown,
You can't stand to see that smile on my face,
Well I need to put you in your place,
Well I got my name in it.

I'm on top but you're trying to stop me now,
I'm on top but you're trying to stop me now....

(Put you in your place.)

I'm on top but you're trying to stop.
