Verse 1:

Just another normal midnight,
Overtired but wide awake
Heavy breathing, cigarette smoke
She's my favorite mistake
Open windows drown the silence
Keep your lipstick off my lips
No more feelings; only feeling.
Talking through my fingertips
And she said

Chorus:

Stay with me, stay with me.
Why son't you stay with me?
Lay with me, lay with me.
Why don't you lay with me?
Say it to me, say it to me
Why don't you say it to me?
Stay with me, stay with me.
Stay...

Verse 2:

All the stars, they paint the night sky
Glamorous but just too bright
I'll be patient, for the morning
They'll be gone and so will I
Memories of life before you
Give me back my piece of mind
And she said

Chorus:

Stay with me, stay with me.
Why son't you stay with me?
Lay with me, lay with me.
Why don't you lay with me?
Say it to me, say it to me
Why don't you say it to me?
Stay with me, stay with me.
Stay...

Bridge:

One more evening with a stranger tonight

From the candle on the wall
Our silhouettes won't lie
Take me darling make me as you crumble inside
I can put you back together like a
Beautiful lie
Beautiful lie
Ohhh, Nooo
Ohhh

Chorus:
Stay with me, stay with me.
Why son't you stay with me?
Lay with me, lay with me.
Why don't you lay with me?
Say it to me, say it to me
Why don't you say it to me?
Stay with me, stay with me.
Stay...
