Let's stop and rock with the swinging Supremes

Ooh, I dig your style  
The way you smile  
Let's have a coke and talk a while

You'll go better with  
I'll go better with  
We'll go better with Coke

Things go better with Coca-Cola  
Things go better with Coke

The real live one will put some fun  
In you and me and everyone

Things go better with Coca-Cola  
Things go better with Coke

Want another, honey?

Another Coke?

Ooh, it's so good  
Refreshing good  
Helps you feel just like you should

You'll go better with  
I'll go better with  
We'll go better with Coke

The real live one will put some fun  
In you and me and everyone

Things go better with Coca-Cola  
Things go better with Coke
