Don't let it
Teardrops bother you
Don't let it
Teardrops bother you
Don't let it

If I should shed a tear
It's just the love I'm showing 'cause you're leaving here
If I should shed my pride
It's just to show how much I love you so

And where you go, my love will be there with you
No matter where you are or if you find someone new
Long ago, I reeled my life to you
And I can change my heart even though we'll be apart

Don't let my teardrops bother you
The reason I'm crying is I can't believe we're through
Oh, don't let my teardrops bother you
If you must leave me, do what you gotta do

Don't let it
No, no, no, no
Don't let it

If I should beg and plead
Ooh, it's just because of the love and the need I have
for you
If I should stall for time
It's just because I prayed that you'll change your mind
And maybe find, there's something you're leaving
behind

And maybe then, you'll see where you've been blind
But if someone has managed to erase me
And if she's what you want, if she's what you want
If she's what you want to replace me

Don't let my teardrops bother you
The reasons I'm crying is I can't believe we're through
Don't let it, don't let my teardrops bother you
If you must leave me, do what you gotta do

Don't let my teardrops bother you
The reasons I'm crying is I can't believe we're through
Don't let my teardrops bother you
If you must leave me, do what you gotta do

Don't let my teardrops bother you
The reasons I'm crying is I can't believe we're through
Don't let my teardrops bother you
If you must leave me, do what you gotta do
