Ooh, sunny boy
Now let me tell you how much good you've done me
boy
'Cause when I'm feeling low, you give me plenty of joy
Into each life some rain must fall
But with you here, there's no rain at all

Ooh, sunny boy
Looks good in everything from silk to corduroy
To see him I'd walk from Idaho to Illinois
Do anything to be with him
My sunshine when the world is dim

It's sunny boy, sunny boy
My pride and joy
Sunny boy

Sunny boy
You made my life so sweet, it's just like honey, boy
And I love you so much till it ain't funny boy
My cloudy days have been declouded
Since you're here, so keep on shining

Sunny boy, sunny boy
My pride and joy
Hey, sunny boy
My honey boy

Now only your sweet lovin' can give me joy
I'm trying to tell the world
That you're my sunny boy
