Come on, come on, come on baby
Come on, come on, come on baby
Come on, come on, come on baby
So come on.....
Hey baby, i wanna walk with you (hey baby)
I wanna talk to you (hey baby)
I wanna tell you I dont mean to bug you, I just wanna
love you
Hey Baby, Ohhhh, you got some big, pretty eyes (hey
baby)
And I will tell you no lies (hey baby)
I wanna tell you I dont mean to bug you, I just wanna
love you
I can see you, our love that would be so true
If you give me just one chance
I'll prove to you, we'll have a greater romance
Hey Baby, Ohhhh, come on, and let me take you home (
hey baby)
So we can be alone (hey baby)
I wanna tell you I dont mean to bug you, I just wanna
love you
I can see you, our love that would be so true
If you give me just one chance
I'll prove to you, we'll have a greater romance
Hey Baby, Ohhhh, come on, and let me take you home (
hey baby)
Ha, So we can be all alone (hey baby)
I wanna tell you I dont mean to bug you, I just wanna
love you...
How are you (hey baby)
(hey baby)
Ahhhhhhhhh.....
Come on and let me show you baby
Come on, come on baby
