(Thom Bell/Linda Creed)

[Spoken intro:]

I don't wanna lose you
Please, don't let me lose you
You mean so much to me

Who do you think you are?
Who do you gonna be?
You're the only one that really knows
Maybe you'll be surprised
After your search is through
Then you'll find you've just been chasing you
Believe me I understand
The visions of your mind
But I'm so afraid that the man you find
May not need a girl like me

I don't wanna lose you
I love you as you are
I don't wanna lose you
I couldn't love you more
Tell me love will remain
Though we may change

I really think that you
Have a little faith in me
You're the only one I'll ever need
If you really understood
How much you mean to me
All your doubts would fade and disappear
Maybe you'll never find
The secrets of your mind
But you gotta try gotta realize
And I'll help you all I can

I don't wanna lose you
I love you as you are
I don't wanna lose you
I couldn't love you more and more
Tell me, ooh, love will remain

Though we may change

I don't wanna lose you
I love you as you are
I don't wanna lose you
I love you as you are
(repeat)

[Spoken outro:]

I don't wanna lose you,
I need your strength, I need to be strong
Please stay, believe in me
Sometimes when I think of you, be without you
I don't know what I'm gonna do
We got to stay together, together
I need your strength, I need your love
Please try, believe in me
