It's All Been Said Before
(Dennis Lambert/Brian Potter)

In your arms safe and warm
Never conceive the right from the wrong
Prisoner of love am I
Caught in the web of tenderness tempting me
Doing the things you say willingly
Even your pain not bear for a sign you care
But it's never there

I'm a fool (I'm a fool)
Say no more (say no more)
'Cause it's all been said before
In the mirror of my mind (of my mind)
Your reflection's all I find
I'm a slave (I'm a slave)
At your door (at your door)
But with all been said before
And the saddest thing I do
I'm just keep on loving you

Candlelight, a glass of wine
Feeling your beating heart close to mine
Hold back the hands of time
Don't land tomorrow at my feet haunting me
Only the strong survive easily
I never seen the lies hiding in your eyes
And it's no surprise

I'm a fool (I'm a fool)
Say no more (say no more)
'Cause it's all been said before
In the mirror of my mind (of my mind)
Your reflection's all I find
I'm a slave (I'm a slave)
At your door (at your door)
But with all been said before
And the saddest thing I do
I'm just keep on loving you
(repeat til fade)
