The moon shines bright above but the charts declare
It's not my night for love, ah, deep in my heart
I feel a good vibrations sayin'
"You and me, babe, would make a good combination"

There's no need in looking to the skies
Can't you see the stars shine in my eyes?
I love you, boy, I really love you, boy

No matter what sign you are
You're gonna be mine you are
Can't let astrology chart our destiny
No matter what sign you are
You're gonna be mine you are
The beat of the heart, my love
Is stronger than the charts, my love

Ooh, strange vibrations
Ooh, good combination

Your water sign just lit my fire
You fill me with such desire
I love you, boy, I really love you, boy

No matter what sign you are
You're gonna be mine you are
Can't let astrology chart our destiny
No matter what sign you are
You're gonna be mine you are
I need you beside me, love
Only you can guide my love

Capricorn, Scorpio
Taurus, Gemini, Virgo
Cancer, Pisces
Leo, Libra, Aries

I don't care about your rising sign
All I know is when your lips touch mine
You move me, boy, you really move me, boy

No matter what sign you are
You're gonna be mine you are, yes, you are
Hold me, boy
Ah, hold me, hold me, hold me, hold me

Hold me, boy, only you can make it right
You are my guiding light
Hold me, hold me, hold me, hold me
Hold me, boy, only you can make it right
You are my guiding light
