I never knew what brought me here
As if someboy led my hand
It seems I hardly had to steer
My course was planned

A destiny that guides us all
And by it's hand we rise and fall
But only for a moment time
Enough to catch our breath again

Chorus:
And we're just another piece of the puzzle
Just another part of the plan
Oh, when life touches the other
It's so hard to understand

Still we walk this road together
We travel through as far as we can
And we have waited for this moment in time
Ever since the world begun

Takin' in the times gone by
We wonder how it all began
We never know and still we try to understand

And even though the seasons change
The reasons still remain the same
It's love that keeps us holdin' on
'Til we can see the sun again

Chorus:
And we're just another piece of the puzzle
Just another part of the plan
And we have waited for this moment in time
Ever since the world began

And I stand alone, a man of stone
Against the drivin' rain
And the night it's got your number
and the wind it passes your name

And we search for truth, win or lose

To whisper on again
Where hopes still burns eternal
We're the people of the plan
