Sittin' here wonderin' what it's all about
This rock and roll music that makes you shout
You tune in on Bandstand and they're jumpin' like mad
And they're dancin' they are doin', they don't look bad

(Chorus)

You get that itchy twitchy feeling (itchy twitchy feeling)
You start-a rockin' and a-reelin' (rockin' and a-reelin')
Soon your arms and legs are flappin'
Like a hound dog mouth a-yappin'
You're-a rockin' and a-rollin'

You don't understand it but it sure feels nice
You thought you might try it 'bout-a once or twice
You started with the dance they call the stroll
But you felt much better doin' rock and roll

(Chorus)

You come in the house with your hair on end
Nobody had to ask you where you been
You come in the house you're still a-jumpin' like mad
I've seen a lot of people with it but you got it bad

(Chorus)

I don't understand it what you're goin' about
It must be something 'bout this music that I don't know
I went to a hop and it didn't take long
I got the feelin' somethin' was a goin' wrong

(Chorus)

Soon your arms and legs are flappin'
Like a hound dog mouth a-yappin'
You're-a rockin' and a-rollin'
Soon your arms and legs are flappin'
Like a hound dog mouth a-yappin'
You're-a rockin' and a-rollin'
Soon your... (fade)
