Give me one more word
I'm drowning in the wind
Give me one more chance
Give me one more chance
I'll calm you in the wind

Ooh is there some place I see
Where I know it's hard to reach but I keep trying
Ooh and if I walk before I speak
We may not ever meet in these times
In these times

Everywhere I'll be, every place I see
Left with nothing but the wheel
Left with nothing but the wheel
Everywhere I'll be, every place I see
Nothing but the wheel
Left with nothing but the wheel
