I hope to live more to take care of you  
I can wonder why to me is not enough  
I was living without reason, when I saw you  
You changed my mind and soul,  
You changed all my life

I have no choice  
I must close my eyes  
To give all my love  
Don't be afraid

It's always the same  
I lost my mind  
And when the night falls I try to keep the faith  
Someday I will know what you really mean  
I need to find some way I gotta have you

I dream all the time  
I wanna make you happy  
Always by my side  
Always together

It's a hard feeling (that) I can't understand  
Now doesn't matter, I'm ready to move on  
It's a hard feeling (that) I can't understand  
It's unfair, but together we can win
