"Ah La La"

In many ways I'd be the perfect man
I'll fuck you over, you won't understand
Come on and let it out
You know I'm right
Whatever gets you through the long dark night
(Singin')
Ah la la la la la la la
Over and over till ya get my point
Ah la la la la la la la
And it's you I'm dreaming of
I'm thinking of
Yeah
I'll bet the boys'll never leave you alone
True love won't come in the cab ride home
C'mon and let it out
I know you're free
I've done the worst I've done it to me
(Singin')
Over and over till ya get my point
Over and over till ya get my point
Over and over till there is no point
Over and over and over and over
