She's my sister
I'm your brother
We don't need much
We love each other
Awake in the morning
Bells are ringin'
I got so low
I woke up sinking
Oh, and we'll meet again someday
On distant shores where clouds are gray
'Cause all my reason
I don't need a reason
It won't even matter at all
She's my sister
I'm your brother
We don't need much
We love each other
Awake in the mornin'
Bells are ringin'
We got so high
We felt like singing
Ooh ooh oh
Oh, and we'll meet again someday
Won'tcha stick around boy and stay
On distant shores where clouds are gray
Won'tcha stick around boy
Oh, you'll find love in stranger ways
Won'tcha stick around boy and stay
Just to meet on brighter days
Won'tcha stick around boy
'Cause all my reason
I don't need a reason
It won't even matter at all
I will sing alone
I will sing alone
I will sing alone
'Cause all my reason
I don't need a reason
It won't even matter at all
She's my sister
I'm your brother

We don't need much
We love each other
Awake in the morning
Bells are ringing
We got so high
We felt like singin'
I will sing alone
I will sing alone
I will sing alone
