Can't you see, your not the one for me
She spoke so easily.
Once you have come and gone, then you will hear this
song
Things end all happily
Feeling cool and calm, sweat running down your palm
Get ready, it's just the start
Words coming in your head, all from this song that's
said
Listen, enjoy, this lyrical ride

I, I had it all planned out
Why? You never would've found out
Thing's come unexpectedly
When you think you're the one on top of me
I had you fooled and now.
You're the sucker on the ground!

Thought you were free, but baby not from me
I spoke so easily.
Now you have come and gone, sat down and heard this
song
Seems like it's been so long
Now here we are, shake off that noticed scar
Your hint of escaping fear
Words coming in your head, all from this song that's
said
