I've been, waiting, for you for so long now  
Pictures, appear, in my head they come undone  
Thoughts they turn to real,  
Then it all unreels

As they say, good things come to those who wait

Me & you, follow the signs and come on home  
It just you, feeling a warmth that no one knows  
See it through, all of the dark black night time sky  
Me & you, with open arms I'll hold you tight

Should this, ever, be real now is the time  
I am, feeling, closer now just cross the line  
Thoughts they turn to real,  
Then it all unreels
