The question on my lips is if you will,
Will take me far & to a better place.
Like our vanity is solitary,
Only if you'd like me here to stay

Yeah, kick back relaxes! Is all we're wanting now,
With a nice touch of an escapade
Nothing needed & nothing more
Just the feel & stroke of your passion

Complete the deed, is all I'm asking
Engrave with ink, and sign the papers
Be sure to read the fine print, nothing to hide and seek
Confirm this antic, my escapade.

Baby I'm down, upon my knees
Pick me up upon my feet.
They can cut, drop, & pull us down
Hear my words I'm calling, make a sound! (ha ha ha)
