"What You Want"

This is me and this is what I want
To show it, I'll paint it in a large font.
Scratch it down, on every door in town
Knick knock, till the cops come run us down
We won't stop, until you hear this song!
Jump to the beat; sing every word
Tell every friend and lover too
Nod, Bang your head, get up out on stage
This will be a song you wont forget!
What you want, is what we can do
Happiness, love or miracles too.
We won't lie, never until we die
Peace, cash and hash is all that we need.
We won't stop until we hear you scream!
