In this gray harbor of tears we are capsizing
Still waters belie the current that drags us down
Without a sun, shallow waters can only be black
As cold and as weathered as the leaves that clog your
dead mouth

What the fuck is wrong with us people?
What the fuck is wrong with you people?

Lookin' down your nose, judging me fucker
Looking down your nose, from the same mother
Lookin' down your nose, judge, judge fucker?
As we sink below

Could you have walked on water with two lead feet?
This epiphany reached whilst breathin' through a straw
Conscience is the only weak link in my ball and chain
I've been makin' excuses for things I've done to myself

What the fuck is wrong with us people?
What the fuck is wrong with you people?

Lookin' down your nose, judging me fucker
Lookin' down your nose, from the same mother
Lookin' down your nose, judge, judge fucker?
As we sink below

Down, down, down, down, down
Down, down, down, down, down

Can I be? Can I be all of these people at once?
Can I please all of you parasites at once?
Can I be all of these people at once? Can I be?
I cannot be, I cannot be, I cannot be

Lookin' down your nose, judging me fucker
Lookin' down your nose, from the same mother
Lookin' down your nose, judge, judge fucker?
As we sink below

Lookin' down your nose, judging me fucker
Lookin' down your nose, from the same mother

Lookin' down your nose, judge, judge fucker?
What the fuck is wrong with us people?
